**GAUTENG PROVINCE**  
EDUCATION  
REPUBLIC OF SOUTH AFRICA

**GGT 2030**  
GROWING GAUTENG TOGETHER

Dear Teacher/Practitioner

Welcome to the training of the Grade R teachers/practitioners. The Gauteng Department of Education (GDE) has prioritized Early Childhood Development as its Strategic Goal 1. This is to ensure that we can lay a solid foundation and seamless transitioning of learners to Grade 1.

The Grade R Mathematics and Language Improvement Project has been developed to provide the much-needed classroom based support for the Grade R teachers/practitioners in Gauteng. It is about classroom practices with exciting techniques and methodology most appropriate for Grade R Teaching and Learning. This is in response to a study that reported that 65% of children across South Africa have not mastered the skills required to be able to succeed in Literacy and Numeracy when entering Grade 1. This project is intended to support the Grade R practitioners/teachers to address this challenge.

The Department's expectation is that you are ready to learn and be a more empowered Grade R teacher/practitioner. Your commitment to the training process and thereafter the implementation of lessons learnt in your classroom will contribute to the improvement of Grade R learner readiness for Grade 1.

We trust that this intervention will help enhance your potential, innovation and creativity as you lay an important foundation for learning of our children. This project would not have been possible without the support of our partners. The GDE is grateful for the support of the GEDT, Zenex Foundation and USAID who contributed to this initiative.

I trust you will learn a great deal from this training programme and improve the learning experience of the young children in your care.

Yours Sincerely

## Teaching Home Language in the Grade R daily programme

The Home Language focus time includes whole class and small group activities every day. Activities are organised in different ways:

- ★ The teacher leads from the front of the class.
- ★ The teacher sits with a small group to guide and engage carefully with learners.
- ★ The teacher explains an activity and asks learners to work more independently in groups.

The two-week cycle on the next page maps out activities for every day, for two weeks. The activities are designed to build on and reinforce the language of the story, and develop important literacy concepts within a meaningful story context. The structure is repeated for each two-week cycle. This routine becomes familiar and benefits both teachers and learners. Teachers become confident to teach in this way and learners feel secure when they know what is expected of them.

## Story

Our story today is about a little girl called Zinzi Madiswa. She is nearly six years old. This is her brother Sam and he is ten years old. They live in a small house with their mother and father and a little dog called Spot. Their address is 7 Pokela Road, Masiphumelele.

Sam and Zinzi go to the same school. Every morning Ma makes them porridge with milk for breakfast. After breakfast, they walk to school. Do you want to hear what happened one day when they were getting ready for school?

One morning Sam was getting dressed for school while Ma was busy making breakfast. Sam put on his grey shorts, white shirt, grey socks and black shoes. Zinzi was still in her pyjamas and she was very worried. Sam looked at her and said: "Zinzi, you can't go to school in your pyjamas! Where is your school dress? Hurry up or we'll be late!"

"I know it's late," she said. "But I can't find my green dress." Where could it be? They looked under the bed and behind the door, but they could not find the green dress.

Oh dear, poor Zinzi! She was so worried and felt like crying. Just then, Zinzi and Sam heard a noise. "Ruff ruff." It was very soft and they had to listen carefully. "What is that? It sounds like Spot. Where is he?" Zinzi asked.

"Shh! Let's listen again," Zinzi said. They listened carefully and heard: "Ruff ruff." Sam said: "That's Spot! But where is he?" They listened again. "Ruff ruff." The sound came from the cupboard in the passage. Zinzi ran to the cupboard and opened the door. She found Spot inside the cupboard and, oh no, he was lying on her dress!

Zinzi picked up Spot and said: "Spot, how did you get locked in the cupboard? And, oh no, look at my dress!" Sam picked up the green dress and shook it like this. Zinzi looked at her dress and she began to feel much better.

Zinzi put on her dress and then the children ate their breakfast very quickly. They washed their hands, put on their masks and waved goodbye. Zinzi and Sam ran to school as fast as they could and got there just as the school bell was ringing for the children to line up. They were so happy that they were not late!

**And that is the end of the story.**

# ★ Run Lindi Run

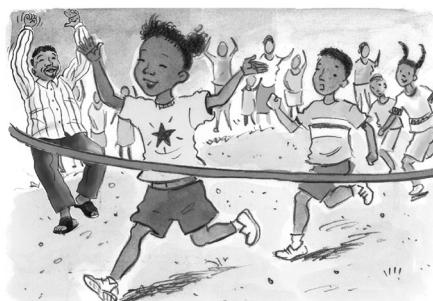

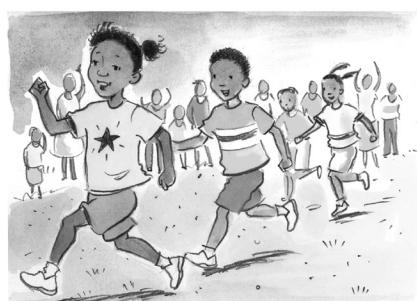

## Story

Once upon a time, there was a girl called Lindi who lived with her mother, her granny and her little brother, Paul. Lindi's body was healthy and strong, and she liked to play all sorts of games, but most of all she loved to run. She ran from her house to the river. She ran from the river to the shop. She ran from the shop to her favourite auntie. "Run Lindi run!" shouted all her friends. Lindi even ran and jumped into bed every night, after she had brushed her teeth.

One day, Lindi's mother said to her: "Lindi, I know how much you love to run. Tomorrow there is going to be a race starting at Mr Ibrahim's shop. Would you like to run in the race?" Of course Lindi said yes! She was very excited and went to bed early so she could have a good rest and be strong for the race. In the morning, she woke up early and ate a bowl of warm porridge with milk for breakfast. It was going to be a hot day, and Lindi remembered to drink some water before the race.

After breakfast, Lindi went down to Mr Ibrahim's shop and joined all the children kneeling in a line, ready to race. Mr Ibrahim said: "On your marks, get set, go!" And off Lindi ran! She ran like the wind! She ran and ran like she had never run before. "Run Lindi run!" shouted Paul, jumping up and down.

When she stopped running, Lindi heard everyone cheering. She felt happy and strong. Mr Ibrahim came up to her and gave her a medal. "Well done, Lindi! You ran as fast as you could! You were the first to finish the race!"

When Lindi went home after the race, she wore her shiny new medal. "Well done, Lindi, well done!" cheered her family. Granny said: "Lindi, I am proud of you. You practise running every day and now you won the race! Your body is healthy and strong, and running is your special talent."

***And that is the end of the story.***

Formal handwriting practice is part of the Grade 1 curriculum; it is not appropriate for Grade R learners. However, it is important that learners are taught how to form letters correctly. # ★ Ali and the paint

## Story

Today I would like you to meet Mr and Mrs Ibrahim. They own a shop selling many interesting things. (Do you remember Lindi's race started from Mr Ibrahim's shop?) One day Mrs Ibrahim came home with presents for her two children, Musa and Ali.

She took Ali's present out of her bag. It was a big, round shape. Mrs Ibrahim read the card. It said: "Dear Ali, Love from Mommy and Daddy." What do you think was in the present? Ali opened his present. It was a lovely red ball. Ali said: "Thank you, Mommy!" and he took the ball and went outside to play.

Musa looked at his present. It was a box with a square shape. Mrs Ibrahim read the card. It said: "Dear Musa, Love from Mommy and Daddy." He took the square shaped present and opened it and this is what he found. There was a paintbrush and four jars of paint – red, yellow, blue and green. Musa was so happy because he loved to paint pictures. He said: "Thank you, Mommy. I will paint a picture for you and Daddy."

When he had finished painting, Musa put the paints back in the box and went outside to play with his friends. While he was out, something happened. Ali came inside and saw the box on the table. He wanted to see what was inside the box so he pushed the chair next to the table and ... what do you think he did? Ali climbed onto the chair and then onto the table. Then he opened the box and took out all the paints.

And what do you think he did next? Ali opened the green paint and he rubbed some of it on his nose. Show me how he rubbed green paint on his nose. Then he opened the red paint and rubbed some of the red paint on his tummy. Show me how you rub red paint on your tummy. Then he opened the blue paint and rubbed the blue paint all over his toes. Can you wiggle your toes?

Now little Ali had green paint on his ... nose; red paint on his ... tummy; and blue paint on his ... toes. Do you know what colour paint was left in the box? Yes! The yellow paint was left in the box. But Ali did not take the yellow paint because just then Mrs Ibrahim came in and she saw him.

Ali laughed and clapped his hands. Mrs Ibrahim said: "Ali! What are you doing?" She sounded quite cross. But then she smiled and said: "Your nose is green. Your tummy is red. Your toes are blue. And I love you!"

Mrs Ibrahim took Ali outside and she washed his nose, his tummy and his toes. Then she put the paints inside the cupboard so Ali could not get them again.

**And that is the end of the story.**

## Week 2 Day 1

### Whole class activities

#### More sequencing pictures

- 1 Begin with learners sitting on the mat. Choose learners to stand in front of the class, each holding one of the colour sequence pictures (not in the correct order).
- 2 Ask learners if the pictures are in the correct order. Ask them to point out the picture which should be at the beginning of the story.

# ★ A beautiful day

## Story

It is a beautiful Saturday morning and the sun is shining into Nicholas's window. Nicholas wakes up, stretches and says: "It's a sunny day today, and I have a plan!" Nicholas finds his mother and asks: "Mommy, can we go for a picnic today? And can my friend Jacob come too? And what about my dog, Fluffy?" Mommy asks Daddy and he says yes. Mommy packs the family's favourite food into the picnic basket and Daddy says he will carry it.

Daddy, Mommy, baby sister, Nicholas, Jacob and Fluffy the dog all walk down the hill. They talk happily about the games they will play in the river.

When they get to the river, Daddy says: "Let's sit here so that we can see you playing in the water and your sister can crawl in the grass."

Nicholas, Jacob and Fluffy run and jump into the cool water. Splash, splash, splash! "Let's chase each other," says Jacob.

After lots of playing, the boys get out of the water because they are so hungry. They sit on the blanket with Mommy and Daddy. They all eat tomato and cheese sandwiches and bananas and apples and they drink fruit juice. Mommy gives Fluffy one of her sandwiches, he is hungry too! Baby sister tries to eat flowers. Daddy says: "No my darling, you can't eat flowers!"

It is getting late. The children have had a fun day and are feeling tired. It is time to go home. Everyone helps to tidy up. The boys fold the blanket, Mommy puts the baby on her back and they all walk home. "Good bye, Nicholas. Thank you for a fun day," says Jacob. "Go well, Jacob," answers Nicholas.

It is dark outside and the sky is full of stars, time for the family to sleep. Soon Nicholas and Fluffy are fast asleep and dreaming of their fun day out.

***And that is the end of the story.***

#### You will need:

- A blank A4 piece of paper for each learner OR a photocopy of the **Picnic blanket activity page** and the **Weaving strips activity page** for each learner
- Jumbo wax crayons
- Scissors, glue
- Magazines or shopping brochures with pictures of food
- A list of multisyllabic words relating to the story: ubuhle, amabhanana, amatamatyi, iimbedlezwana, umlambo, amathuthumbo, salakuhle, ipikniki, umantji, uFlafi

## Week 1 Day 5

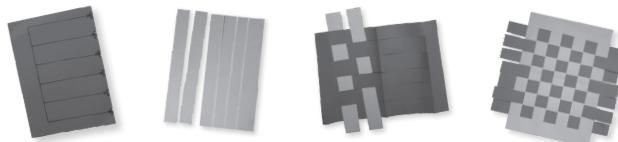

### Whole class activities

#### Make, draw and write

- 1 Retell the story using the puppets.
- 2 If possible, bring a blanket to show the class, or show learners pictures of different blankets. Talk about the different patterns and/or colours on the blanket.
- 3 Explain to learners that they are going to create their own picnic blanket by drawing it on a piece of paper.
- 4 Once learners have completed their “blanket”, they can draw or cut out pictures of picnic foods from magazines or brochures and paste the pictures onto their blanket.

OR

- 1 Explain to learners that they are going to weave their own “picnic blanket” using strips of paper. Show learners an example and talk about how different coloured strips make a weaving pattern.
- 2 Give each learner a folded **picnic blanket activity page** as well as a **weaving strips activity page**.
- 3 **Picnic blanket activity page:** Show learners how to cut along each dotted line on the activity sheet while it is folded. Make sure they stop cutting at the solid line. Learners open up this page once they have finished cutting.
- 4 **Weaving strips activity page:** Learners colour in the strips and cut them up.
- 5 Demonstrate how to weave the coloured strips over and under the slits that have been cut on the picnic blanket activity page. Each strip needs to be woven through alternate slits to create a weave.
- 6 When learners have completed their “picnic blanket”, they can cut out pictures of picnic foods from magazines or brochures and paste the pictures onto their blanket.

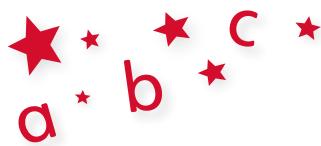

#### Blending and segmenting (syllables)

- 1 Ask learners to sit on the mat. Say one of the words from the list of multisyllabic words and model how to break it into syllables, for example: **a | ma | bha | na | na**.
- 2 Choose a learner to stand up and jump for each of the syllables: **a** (one jump) **ma** (one jump) **bha** (one jump) **na** (one jump) **na** (one jump). Ask the learner to jump again, and this time learners must clap for each jump.
- 3 Let learners take turns to listen to a word on the list and jump as they break it into syllables.

#### You will need:

- Big sequence pictures
- Photocopied and folded little book for each child

## Week 2 Day 1

### Whole class activities

#### More sequencing pictures

- 1 Begin with learners sitting on the mat. Choose learners to stand in front of the class, each holding one of the colour sequence pictures (not in the correct order).
- 2 Ask learners if the pictures are in the correct order. Ask them to point out the picture which should be at the beginning of the story.
- 3 Together as a group, ask learners who are holding the pictures to move around until the story makes sense. Ask questions such as: "Who can remember what happened next?"
- 4 Once you have sequenced the story, learners must move to their tables.
- 5 Give each learner a little book. Encourage them to look at the cover and read the title of the story with them.
- 6 Take learners on a picture walk through the little book, helping them to notice that the pictures in the book are the same as the sequence pictures.
- 7 If there is time, learners can "read" their little book to a partner in the class.
- 8 Encourage learners to take the books home to read with their families.

#### Stella says:

You can focus on letters and sounds at any time in your everyday routine, particularly during outdoor play and transition times (lining up outside the toilet; preparing for lunch time and so on). Use opportunities to point out letters in the environment and ask learners what letters they see around them. This helps learners to see how we use letters as clues to read things around us.

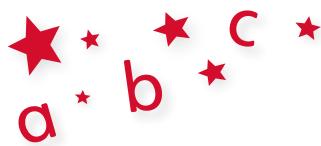

### Introducing a sound from the story

- 1 Ask learners to sit on the mat and listen carefully to you. Say these words from the story: "ekuseni, emlanjeni, etjanini, besele, eyodwa. Can you hear the focus sound: **ekuseni, emlanjeni?** Yes, you are right! They all have the sound /e/."
- 2 "Listen carefully, here are some more words with /e/: ikerege, iveste, ijeresi, isilelesi, ihege, iledere." (Emphasise the focus sound as you say these words.)
- 3 Say the sound /e/ clearly and tell learners to watch your mouth carefully.
- 4 Ask learners to say the sound /e/: "e-e-e". Make this fun: Say it softly, loudly, to the wall, to the ceiling and to each other.

### Small group activities

Explain that learners will be working in small groups each day. Explain and show how each activity is done and explain the daily rotation. Explain the tidy-up process.

## Story

My name is Mandisa and this is my friend, Thabo. This is our teacher. Her name is Teacher Akinyi and she loves us very much. There are many different things that Teacher Akinyi teaches us.

On Monday we learn the names of different colours and shapes: "This cap is yellow, the boot is brown, the circle is purple and the orange is orange." We look around the room for more of these colours and shapes.

On Tuesday, Teacher Akinyi says: "Today I am going to tell you stories of special and important people." We have brought pictures to class so we can talk about special and important people in our lives. Thabo brought a picture of Mr Mandela and I brought the photo of my dad reading a nice story to me.

On Wednesday we learn about the kinds of transport that people use to travel to far away places. We learn about how people get to work or school. I take a bus to school. Thabo says: "I take a taxi when I go to my grandmother for a holiday."

On Thursday, Teacher Akinyi says: "Let us all go outside so that we can learn about farming and how to plant mealies." We dig a small hole, add some compost and plant a mealie seed. I carry a bucket of water to water the mealie plant.

On Friday we tell the class our own stories. Thabo tells his story: "I had an orange in my pocket and the goat tried to steal it!" The whole class bursts out laughing: "Hahahahaha-heeheehee!"

Teacher Akinyi is the best teacher in the whole world. I love her very much. When I grow up, I want to be a teacher just like her.

***And that is the end of the story.***

Talk about which sounds are near or close to them (louder) and which ones are far away (softer). Tell learners that they are going to do an activity where they must listen carefully to what you say.
- 3 Remind learners of the shape of a square. Show them pictures of different size squares and mention that they learnt about squares in the story of Ali and the paint. Then show them pictures of circles. Ask: "*How are they different?*" (A square has four corners and a circle has no corners.) Ask learners to point out circles and squares around the room. Then demonstrate how to make a circle with your arms, and a square using your hands and forearms.
- 4 Say to learners that when you show them a picture of a circle or say the word "circle", they must make a circle with their arms. When you say "square" or show them a picture of a square, they must make a square shape using their hands and forearms.

If there are learners who speak different languages, ask them to tell the class what they call the object in their home language. Then give the word in the language of instruction. Let them hold the objects or pictures and pass them around.
- 2 Ask questions about the objects: "*Have you seen one of these? What do we use this for? What colour is it? How does it feel?*"
- 3 Say the names of the objects while emphasising the focus sound. Ask learners if they can hear the focus sound.
- 4 Ask learners to say the name of each object and emphasise the focus sound when they say the words.
- 5 Once learners have practised the new sound, show them the letter on the letter box and say: "*This letter is how we write u.*" Let some learners trace over the letter on the lid with their fingers.
